

RENEWS CAMPAIGN FOR EARLY SHOPPING

Consumers' League Starts Educational Campaign to Educate Buyers to Help Clerks.

The Consumers' League of the District of Columbia, 8 branches of the National Consumers' League organized here a year ago, with Mrs. Harvey Wiley as president, having as its object the protection of working women and the elimination of the sweat shop, is celebrating a special week-end in which all energies are devoted to persuading the public to shop early. At the request of the league, the members of the Merchants' Association have put printed and are distributing through shop early appeals enclosed in bills and brochures. Besides the customary signs appearing on the buildings of the street cars, carrying the same reminder, the merchants have this year discussed the question of keeping the stores open at night, and have decided to cut down the number of nights in the holiday season as much as possible. The Consumers' League is trying to get the public to meet that merchants half way by urging everybody to do their shopping "early in the morning," when the clerks are at home.

The members of the league and their friends are going to distribute an open letter to employees of the government offices as they come out at 4:30 o'clock. This is a special plan to working people to help other working people. Among those who will distribute the literature are Mrs. Harvey Wiley, Miss Elizabeth Bryan, Miss Ethel Chase, Miss Constance Leupp, Mrs. W. G. Stuart, Miss Barbara Kauffman, Miss Mabel Grandin, Miss Rebecca Rose, Mrs. Harvey Lester, Mrs. George Gould Lincoln, Mrs. William Hill, Miss Marjorie Smith, Miss Jean Cole, Miss Margaret Armstrong, Miss Margaret Mills, and Miss Edith Totten.

"An Open Letter to Washingtonians" is the title of a similar leaflet which is being distributed at the Thursday, Friday, and Saturday performances at Chase's Theater.

The special campaign does not end until Sunday, when thirty of the ministers of the city have promised to urge upon their congregations, in order the necessity of bringing back the Christmas season more to Christianity.

T. R. TO APPEAR IN GRAFT PROBE

Roosevelt to Appear Before Curran Aldermanic Committee in New York Police Investigation.

New York, Nov. 29.—Col. Theodore Roosevelt has been invited and has agreed to attend as a witness in the near future one of the meetings of the Aldermanic graft investigation committee. Neither Col. Roosevelt nor Emory R. Buckner, counsel for the committee, would explain to-day what lies behind the arrival of the recent Presidential candidate as a star-in-the-alternative inquiry.

It is understood that a visit Buckner paid to the Outlook office was a result of a joint complaint as to certain matters of police maladministration which was forwarded to Col. Roosevelt and his cousin, George Roosevelt. It is said the purpose is to embrace the opportunity of Col. Roosevelt's presence to draw from him some expression of his ideas on how the police department of New York ought to be run.

SAYS T. R. WILL ATTEND.

SENATOR DIXON DENIES Effort Is Being Made tooust Perkins.

"Col. Roosevelt will certainly attend the national conference of the Progressive party at Chicago on December 10 and 11, and Gov. Johnson of California may do so," announced Senator Joseph M. Nixon, national chairman of the Bull Moose party yesterday. "I have issued a call to all members of the national committee, all State chairmen, all candidates for Governor at the recent elections, about members of the Progressive candidates elected and some of the State leaders from various States."

"So far as I am aware there are no differences among the leaders of the party which could justify the statement that Mr. Pinchot or Mr. Garfield is seeking to oust Mr. Perkins from leadership. Some of the papers have been very bitter, but the fact should be kept in mind that no special attitude has been taken by any member involved in the movement which would justify this assumption of disagreement."

HAWTHORNE TRIAL RESUMED.

Mining Engineer Tells of Findings on Canadian Claims.

New York, Nov. 29.—The trial of John Hawthorne, Jonah Quincy, Dr. William J. Morton, and Albert Freeman charged with fraudulent use of the mail in promoting Canadian mining claims, was resumed today before Judge Hough, in the Federal District Court.

Frederick H. Morley, the Denver mining engineer, who was on the stand when court adjourned Wednesday, continued his story.

He went to Temagami in September, and with Dr. Morton, made an inspection of the workings on the twenty-five claims of the Temagami-Cobalt Mines Company.

In none of the four places where work had been done did he find indications of ore, except copper and iron sulphites. At Cobalt he made another inspection and there saw large quantities of native silver imbedded in pink calcite.

"Did you see any evidence at Temagami of ore from which millions of dollars might be realized?" questioned Mr. Dorr.

The witness was not permitted to answer. Judge Hough saying that that was one of the questions the jury is to answer.

REAL ESTATE TRANSFERS.
